a bit and we have						
updated the						
guidelines for our						
scheduled						
services on						
Sunday						
accordingly. We						
are allowed to						
have 75 people in						
the auditorium for						
each service, so						
we will continue to						
have a 9AM and						
an 11AM service						
which are largely						
the same. Visitors						
are welcome at						
either service.						
Members have						
been asked to						
give preference to						
a service based						
on last name. Both						
Sunday services						
will have the same						
sermon and the						
same Lord's

introduction. Song						
leaders and prayer						
leaders will be						
different.						
Provisions been						
made to allow						
some worshippers						
to sit and						
participate in more						
isolated areas.						
Numerous						
additional steps						
have been taken						
to ensure the						
safety of all our						
beloved brethren						
at the building.						
(Our members						
have been						
informed of these.
